ABOUT ME

Master of Architecture graduate from the University of Waterloo with experience in architectural design, research coordination, and professional outreach. Proficient in Revit, architectural visualization, and design development, with experience across institutional, residential, accessibility retrofit, and adaptive reuse projects. A strong problem-solver and communicator, eager to contribute to projects, grow as a designer, and progress toward architectural licensure.

EDUCATION

University of Waterloo, School of Architecture **Cambridge, ON**
Master of Architecture **Sep 2023 – Apr 2025**

- Thesis: Facing the Flood: Amphibious Architecture for Flood Resilience in Peguis, Manitoba
- AIA Medal for Academic Excellence, OAA Scholarship for Exceptional Leadership through Design Excellence, Canada Graduate Scholarship – Master's (SSHRC)

University of Waterloo, School of Architecture **Cambridge, ON**
Bachelor of Architectural Studies **Sep 2018 – Aug 2023**

- Graduated Dean’s Honours List with Distinction

WORK EXPERIENCE

Ontario Association of Architects **Toronto, ON**
Architectural Graduate **Jun 2025 - Jun 2026**

- Gained firsthand insight into the regulation of architectural practice in Ontario, including licensure, practice standards, and professional ethics, through a full-time staff position at the OAA
- Supported professional initiatives, practice resources, committees, events, and an energy-efficiency audit of the OAA headquarters

W X Y architecture + urban design **New York, USA**
Architectural Intern, Co-op **Jan 2023 - Apr 2023**

- Developed Rhino and Revit models for the adaptive reuse of the Jones Beach Bathhouse, integrating new program and service spaces within an existing heritage recreation complex
- Produced design development drawings, diagrams, 3D visualizations, and client presentation materials

D'Ambrosio architecture + urbanism **Victoria, BC**
Architectural Intern, Co-op **Jan 2022 - Aug 2022**

- Created as-built drawings and documented existing conditions for an energy-efficiency retrofit study of a heritage institutional building, including participating in site visits
- Created diagrams, massing studies, and physical models for a master planning project containing several mid-rise and high-rise mixed use buildings
- Assisted in producing Revit design development drawings for a transportation project

WORK EXPERIENCE cont.

IBI Group **Etobicoke, ON**
Architectural Intern, Co-op **May 2021 - Aug 2021**

- Produced architectural drawings in Revit for accessibility retrofits of various City of Toronto buildings, including fire halls, libraries, and municipal offices, ensuring compliance with Accessible Design Guidelines
- Collaborated with in-house engineers to coordinate architectural and mechanical details and used Bluebeam Revu to note changes and drawing updates

Fryett Turner Architects **Elora, ON**
Architectural Intern, Co-op **Sep 2020 - Dec 2020**

- Developed Revit drawings for mid-rise residential and mixed-use projects through various stages of design

Powerhouse Company **Rotterdam, Netherlands**
Architectural Intern, Co-op **Jan 2020 - Mar 2020**

- Produced diagrams and architectural renderings using SketchUp, V-Ray, and Illustrator for a highly sustainable office building

University of Waterloo, Buoyant Foundation Project **Cambridge, ON**
Research Project Coordinator, Part Time **Sep 2023 - May 2025**

- Coordinated a flood resilience research project, managing a team of undergraduate researchers and overseeing project planning, schedules, budget, and documentation
- Facilitated research and stakeholder engagement, including translating technical research into communications to community partners

SKILLS AND QUALIFICATIONS

- **Registered as an Intern Architect with the Ontario Association of Architects** (OAA)
- **Software:** Revit, AutoCAD, Bluebeam, Rhino, SketchUp, Grasshopper
- **Visualization:** Illustrator, Photoshop, Hand Sketching, Architectural Rendering (Enscape, V-Ray)
- Strong **visual and written communication skills**
- Ontario G Driver’s License
- **Highly organized**, with experience coordinating projects and managing multiple priorities
